

ARBORCHEM-Basal Oil

For use as a carrier or adjuvant with oil soluble herbicides for basal and broadcast treatments.

Principal Functioning Agents:

Hydrotreated mineral oil, tall oil fatty acids100%

KEEP OUT OF REACH OF CHILDREN

WARNING

ALWAYS READ AND FOLLOW HERBICIDE LABEL USE DIRECTIONS CAREFULLY.

GENERAL INFORMATION

ARBORCHEM-Basal Oil is a low viscosity multi-purpose oil carrier system designed for application of low-volume-basal herbicide applications. When mixed with herbicides labeled for cut-stump, basal bark, dormant stem and other such applications, the ARBORCHEM-Basal Oil penetrates woody plants, stems, and other foliage to prescriptively deliver a plant-lethal dose of herbicide.

LABELED APPLICATIONS

ARBORCHEM-Basal Oil is approved and suitable for use in industrial right-of-way, forestry, and other non-crop applications that require an oil diluent.

DIRECTIONS

The following is a general recommended use procedure. Other ratios and procedures may be more effective for special situations.

Mix the herbicide(s) with ARBORCHEM-Basal Oil at a 1:4 (20%) or 1:3 (25%) ratio. Normal mixing is required. Stir until a clear solution is obtained, no further agitation is needed. Do NOT exceed the herbicide label rate per acre.

Example: To make a 1:4 ratio, or 20% herbicide mixture, add 1 part herbicide(s) to 4 parts ARBORCHEM-Basal Oil. Treat thoroughly to the lower 18" around the entire stem. Treat the root collar area and any exposed roots. Do not spray to run down or puddle.

PERSONAL PROTECTION EQUIPMENT

Wear long-sleeve shirt and long pants, shoes plus socks, protective eyewear, and chemical resistant gloves when mixing or applying this product. Do not take internally. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating and drinking. Remove and wash contaminated clothing before reuse. Wear proper eye protection to avoid splash exposure.

FIRST AID

If Swallowed: Give a large amount of water to drink. DO NOT induce vomiting. Seek medical attention immediately.

If Inhaled: Remove to fresh air.

If in Eyes: Causes moderate eye irritation. Flush with water for 15 minutes. Seek medical attention immediately.

If on Skin: Remove contaminated clothing. Wash skin contact area with plenty of soap and water.

STORAGE AND DISPOSAL

Protect product from freezing. If product freezes, warm to room temperature before use. Store in original container only and do not reuse empty containers; return refillable containers and otherwise rinse disposable containers thoroughly and dispose of the container in accordance with federal, state and local regulations.

ARBORCHEM warrants that this product, when used as directed, is reasonably fit for use as designated on this label. ARBORCHEM makes no warranty of fitness or merchantability. ARBORCHEM's maximum liability for breach of this warranty shall not exceed the purchase price of this product. In no event shall ARBORCHEM be liable for indirect or consequential damages. This warranty shall not be changed by oral or written agreement unless signed by a duly authorized officer of ARBORCHEM.
